

An Employee Owned Company

COEXCELL™ OFFERS TWO TIGHT HEAD, DRUMS TO MEET YOUR SPECIFIC SHIPPING REQUIREMENTS. MEET THE IC55 AND C55!

EXCEPTIONAL DRUMS WITH SUPERIOR CHARACTERISTICS

- IC55 and C55 flange openings accept industry standard Buttress and NPT plugs, gasket and O-ring styles as well as extraction dip tubes.
- Upon request a virgin inner liner layer made with proprietary resin assures chemical contact with pure HDPE only.
- UN tested and certified for transport of Group I, Group II and Group III chemistry with and without dip-tube.
- FDA Compliant drums are available on request.
- Patented drum design with integral sump below the flange for maximum extraction capability.
- Each COEXCELL drum has its own unique traceability identification label which provides a multi-functional tracking system for the drum user
- High quality customized screen printing service is available. Chemical sales can be enhanced with the decoration of drums using corporate logos and colors.

PATENTED AND EXCLUSIVE MOLD DESIGN PROMOTES SUPERIOR DRAINABILITY TO LESS THAN 50 ml.

WHY COEXCELL? CUTTING EDGE LEADERSHIP AND INNOVATION.

After nearly two decades, COEXCELL is recognized as the preeminent innovator in producing uniquely engineered, multi and single layer HDPE plastic molded drums.
